

SUMMER RETREAT

On the queen of the mountains. Indulge in sweet idleness. Celebrating idleness. Summer retreat as - according to the Brothers Grimm - a "recreational stay of city dwellers in the countryside in summertime".

Why don't we do this more often? Let's revive the summer retreat. Let's stay at 1,500 m for a few warm days with cool nights. At leisure. Let's do what we long for in our busy world: Taking self-determined time in which we are allowed to simply "be". Recording the moment.
